

## GIFAA Newsletter March 2026

### An update from your committee

#### Hello GIFAA Members

Unfortunately, the weather gods were not in our favour for the GIFAA Day celebrations, and the committee made the very difficult decision to cancel. A BBQ was still held on the Sunday in Herring Bay for the small number of attendees that braved the swell. The weather looks good for this weekend, and we will be proceeding with our annual Easter activities however the planned auctions and raffles will not proceed. We will save these up and make a big event at our open day in October so stay tuned for that one.

#### Calendar of Events

##### Easter

- I have it on good authority that the Easter Bunny may again visit our little piece of paradise. Probably on Easter Sunday April 5<sup>th</sup> and we would expect kids to arrive by 9 am to look for any hidden eggs and participate in the infamous piñata and games. This will be followed by a BBQ for all at mid-day. Please come dressed in your best Easter hats as there may be prizes
- We will also have available on the day the new GIFAA Beach Clean Up Bags \$10 each and the new GIFAA Burgee Flags \$25 each. Please bring along some cash if you would like to secure these hot items.

GIFAA Opening Day - Saturday 17<sup>th</sup> October (To be confirmed)

GIFAA AGM - Wednesday 18<sup>th</sup> November

#### Keep Smiling

- Last night my wife and I had a date. It was really good. Tonight we're going to try a strawberry.
- They say birds of a feather stick together, but do you know what birds really stick together – Velcrows.
- I invented a thought-controlled air freshener. My wife told me it was dumb. But it makes scents when you think about it.

And finally

I went to see my doctor. I told her every time I bend down, I see Mickey Mouse and every time I stand up, I see Donald Duck...She asked me how long I've been having these Disney spells.

Take care and be diver aware.

Pete Fry

Secretary
